Company Profile:

A. Harold and Associates (AHA), LLC, established in 2003, is a Florida-based, Service Disabled Veteran-Owned (SDVOB), 8(a)/small disadvantaged business (SDB) certified firm, providing technology, education, engineering, training, and management services for both the public and private sector throughout the United States and abroad. Since establishment, AHA has successfully executed multi-site Engineering Support Services, Instructional Systems Design, and E-learning development contracts for local government agencies and the Department of Defense. AHA's core competencies include technology-based training development using a wide variety of Interactive Multimedia Instruction (IMI) technologies, including Web Based Training (WBT), Computer-Aided Instruction (CAI), and Interactive Courseware (ICW), Electronic Pubs, Electronic Testing, Simulation/Training Devices, and Electronic Management Systems. AHA also provides materials that enhance traditional instructor-led, stand-up instruction. Our training products fully conform to the most current Advanced Distributed Learning (ADL) specifications including Sharable Content Object Reference Model (SCORM), Aviation Industry CBT Committee (AICC), and MIL-HDBK-29612.

Number of Employees:

33

CORE Competencies:

- Program and Project Management
- Integrated Product Team (IPT)/Working Group Support
- Aviation Systems Engineering, Acquisition and Aviation Training Support Services
- Custom Application Development
- Human Performance Improvement Solutions
- Modeling and Simulation
